Gentlemen:

We are returning herewith two (2) copies of subject document signed and executed to indicate our acceptance thereof.

We would like to point out that in the event the period of performance under this contract is extended by mutual agreement and an overseas assignment results therefrom, it will be requested that paragraphs 2 and 3 of Section E be revised to extend commissary and PI privileges to contract technical services personnel on overseas assignments.

It is our understanding that in some overseas areas where CTS personnel are located, certain items of foodstuffs are considered by United States medical authorities to be inedible, thereby making the above request highly advisable.

Very truly yours,
